6 CHAPTER 1 Introduction to Healthcare Finance 4. Decision making. The financial manager makes choices among available alternatives. Decision making actually occurs parallel to planning, organizing, and controlling.

Healthcare Finance Overview - Jones & Bartlett Learning

Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...

State University System of Florida | Board of Governors

This article discusses the theory and practice of so-called participatory governance. It explains that participatory governance is a variant or subset of governance theory which puts emphasis on democratic engagement, in particular through deliberative practices. Participatory governance seeks to deepen citizen participation in the governmental process by examining the assumptions and ...
