History. The use of the term "personalized learning" dates back to at least the early 1960s, but there is no widespread agreement on the definition and components of a personal learning environment. Even enthusiasts for the concept admit that personal learning is an evolving term and doesn't have any widely accepted definition.

History. In 1983 Heinemann published *Writing: Teachers and Children at Work* by the late Donald Graves, and with it a new genre, the teacher professional book, was born. What Don articulatedâ€”a more student-centered approach to writing instruction rooted in a deep belief in teachers as decision makersâ€”made a difference in the lives of teachers and, subsequently, students.
