Student-centered learning, also known as learner-centered education, broadly encompasses methods of teaching that shift the focus of instruction from the teacher to the student. In original usage, student-centered learning aims to develop learner autonomy and independence by putting responsibility for the learning path in the hands of students by imparting them with skills and basis on how to ...

Student-centred learning - Wikipedia

In probability and statistics, Student's t-distribution (or simply the t-distribution) is any member of a family of continuous probability distributions that arises when estimating the mean of a normally distributed population in situations where the sample size is small and population standard deviation is unknown. It was developed by William Sealy Gosset under the pseudonym Student.

Keep your old edition of the Judaica- It's far better. Though there is new material here, it's not an enjoyable experience to trace or find this- You would be unlikely to find important new comments or analysis and you will not wish to browse/generally read through the entries as you might in a good encyclopediadia, such as the old Jewish encyclopedia (16 vols) of the early 1900's (Funk ...
