You don't have to be a health professional or deliver health services to have a positive impact on the health of the community you serve. The CVS Health Network supports and informs organisations and individuals who engage with the community and who are therefore well placed to cascade opportunities, news, training and resources.

Risk is the possibility of losing something of value. Values (such as physical health, social status, emotional well-being, or financial wealth) can be gained or lost when taking risk resulting from a given action or inaction, foreseen or unforeseen (planned or not planned). Risk can also be defined as the intentional interaction with uncertainty. ...
